Code Ann. § 17-100-302, each applicant for a license in speech-language pathology shall submit evidence of no less than 36 weeks of full-time professional experience or its part-time equivalent in the area for which a license is requested. The experience must be obtained under the supervision of one or more speech-language pathologists who are licensed under the Act.

Licensees must submit a Supervision Agreement Form within thirty (30) days of application or employment. If there is a change in supervisors, the Supervisee must complete another Supervision Agreement Form or update their current form and turn it in to the Board within thirty (30) days of such change.

Licensees should complete all supervision requirements consistent with the license held and immediately thereafter submit appropriate supervision forms to the board office along with a written request for a license upgrade. Supervisees must remain in supervision until their license is upgraded.
